

Vision Payment Solutions Signs Print Services & Distribution Association Members to receive discounted merchant services

Portland, Me – 23 February 2010 - Vision Payment Solutions (VPS), a bank card processing, ACH and Merchant Cash Advance company and the Print Services & Distribution Association (PSDA) have agreed to a relationship that extends special, discounted rates for merchant services available only to PSDA Members. Member rates and details regarding available solutions and services may be viewed online at a dedicated website for PSDA Members at <http://www.visionpayments.com/psda>

The relationship delivers Vision Payment Solutions' comprehensive suite of merchant processing services to PSDA and its members throughout the United States, offering products and solutions including credit and debit processing, electronic gift cards, online reporting, and access to a variety of payment terminals designed to service the needs of the Print, Services, and Distribution industry.

"Our flexible solutions and local customer service align with PSDA member services. We look forward to helping the PSDA deliver to its' members all the resources they need save significant amounts of money through processing level III data. The PSDA members have not previously had the opportunity to save money on B2B transactions in this manor." said Steve Gent, Vice President of Business Development, for VPS.

About Print Services & Distribution Association:

The Print Services & Distribution Association is an international organization of print distributors, trade printers and suppliers working together to ensure that end users receive the products and services they need to succeed.

Since 1946, PSDA has been the exclusive association for the print distribution industry. Our members are a knowledgeable, successful and dedicated group of business printing professionals leading the progress of the print distribution industry. PSDA supports this success by providing our members with the highest quality of information and resources through our networking and educational events, online curriculum offerings, award-winning publications, and sourcing referral services.

It is our mission to stay ahead of relevant industry trends to better provide our members with the resources they need to thrive in the changing marketplace. We employ industry professionals who work to ensure that all PSDA programs and services serve the single purpose of helping our members grow their businesses, increase their profits and prevail in the long run.
